

Modernize Your Legacy Applications

Focus on your business while we take care of your Technology

Has your system's performance deteriorated? Are you spending high maintenance costs or facing the limitations of old technologies? Are you worried about data loss?

Trigent uses a end to end approach to modernize that addresses:

- Re-platforming technology
- Data migration
- Process definition
- Enterprise Application Integration issues

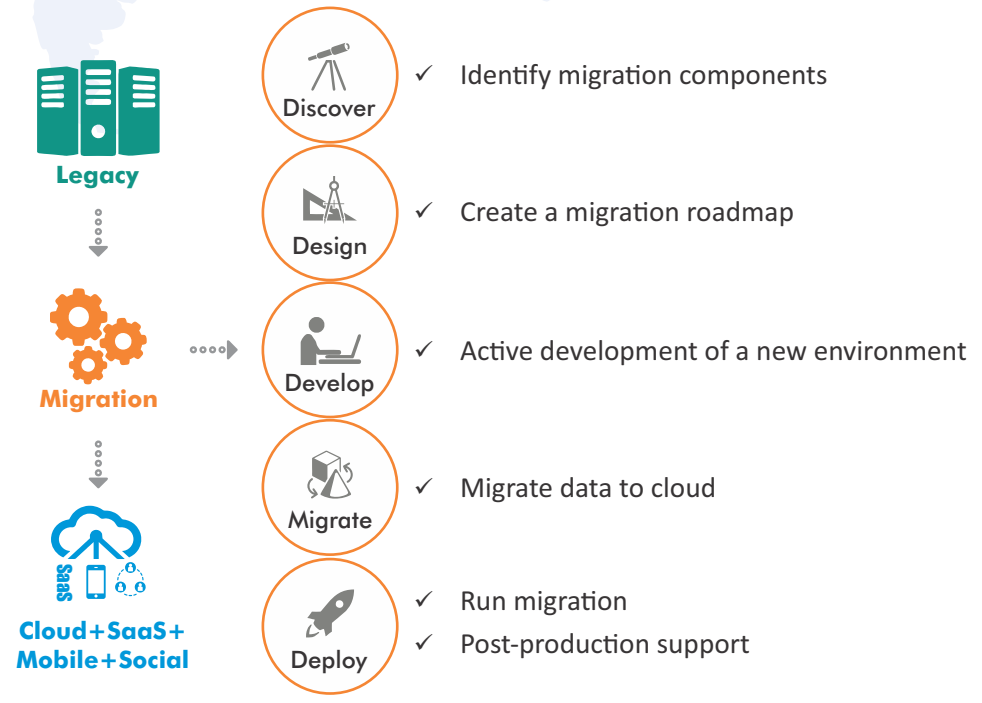

We also provide Cloud Migration Services that are designed to help you migrate your physical or virtual workloads to the cloud, with minimal risk.

Your Legacy System

- ✓ Data loss
- ✓ Higher maintenance costs
- ✓ Lower performance
- ✓ Technical limitation
- ✓ Loss of revenue
- ✓ Compatibility issues
- ✓ Security threats

How Trigent Can Help?

Re-engineered System

- ✓ Robust, ready to scale on the cloud
- ✓ Lower TCO and maintenance
- ✓ Improve performance and maximize your ROI
- ✓ Enhanced security
